Long Distance Calling

Des Moines Zone Map

This map shows Iowa's five zone areas.

A zone is a geographic area which a local telephone company provides for your local and long distance calling.

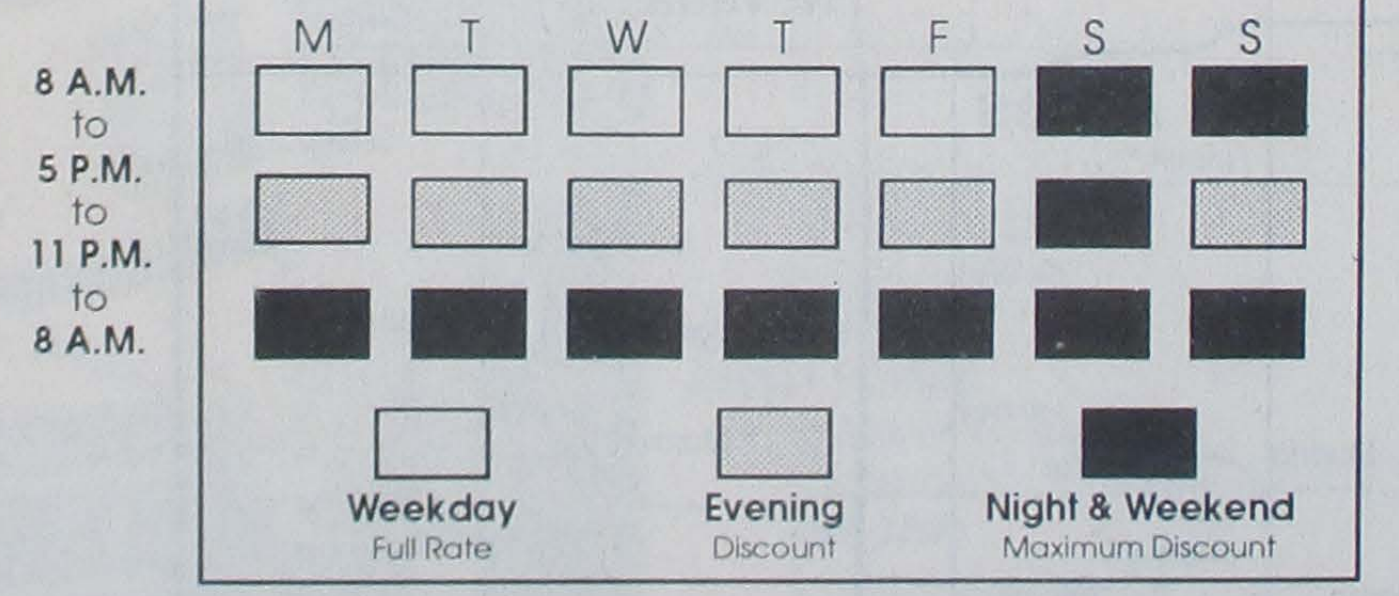

Calls outside the zone are handled by your long distance company, and do not effect local calling areas.

Discount Periods

Calls made during the evening, nights and weekends receive additional discounts from weekday rates. The amount of discount is dependent upon your long distance carrier.

If you start your call during one discount period and hang up in another, you will be billed at the rates applicable to each period.

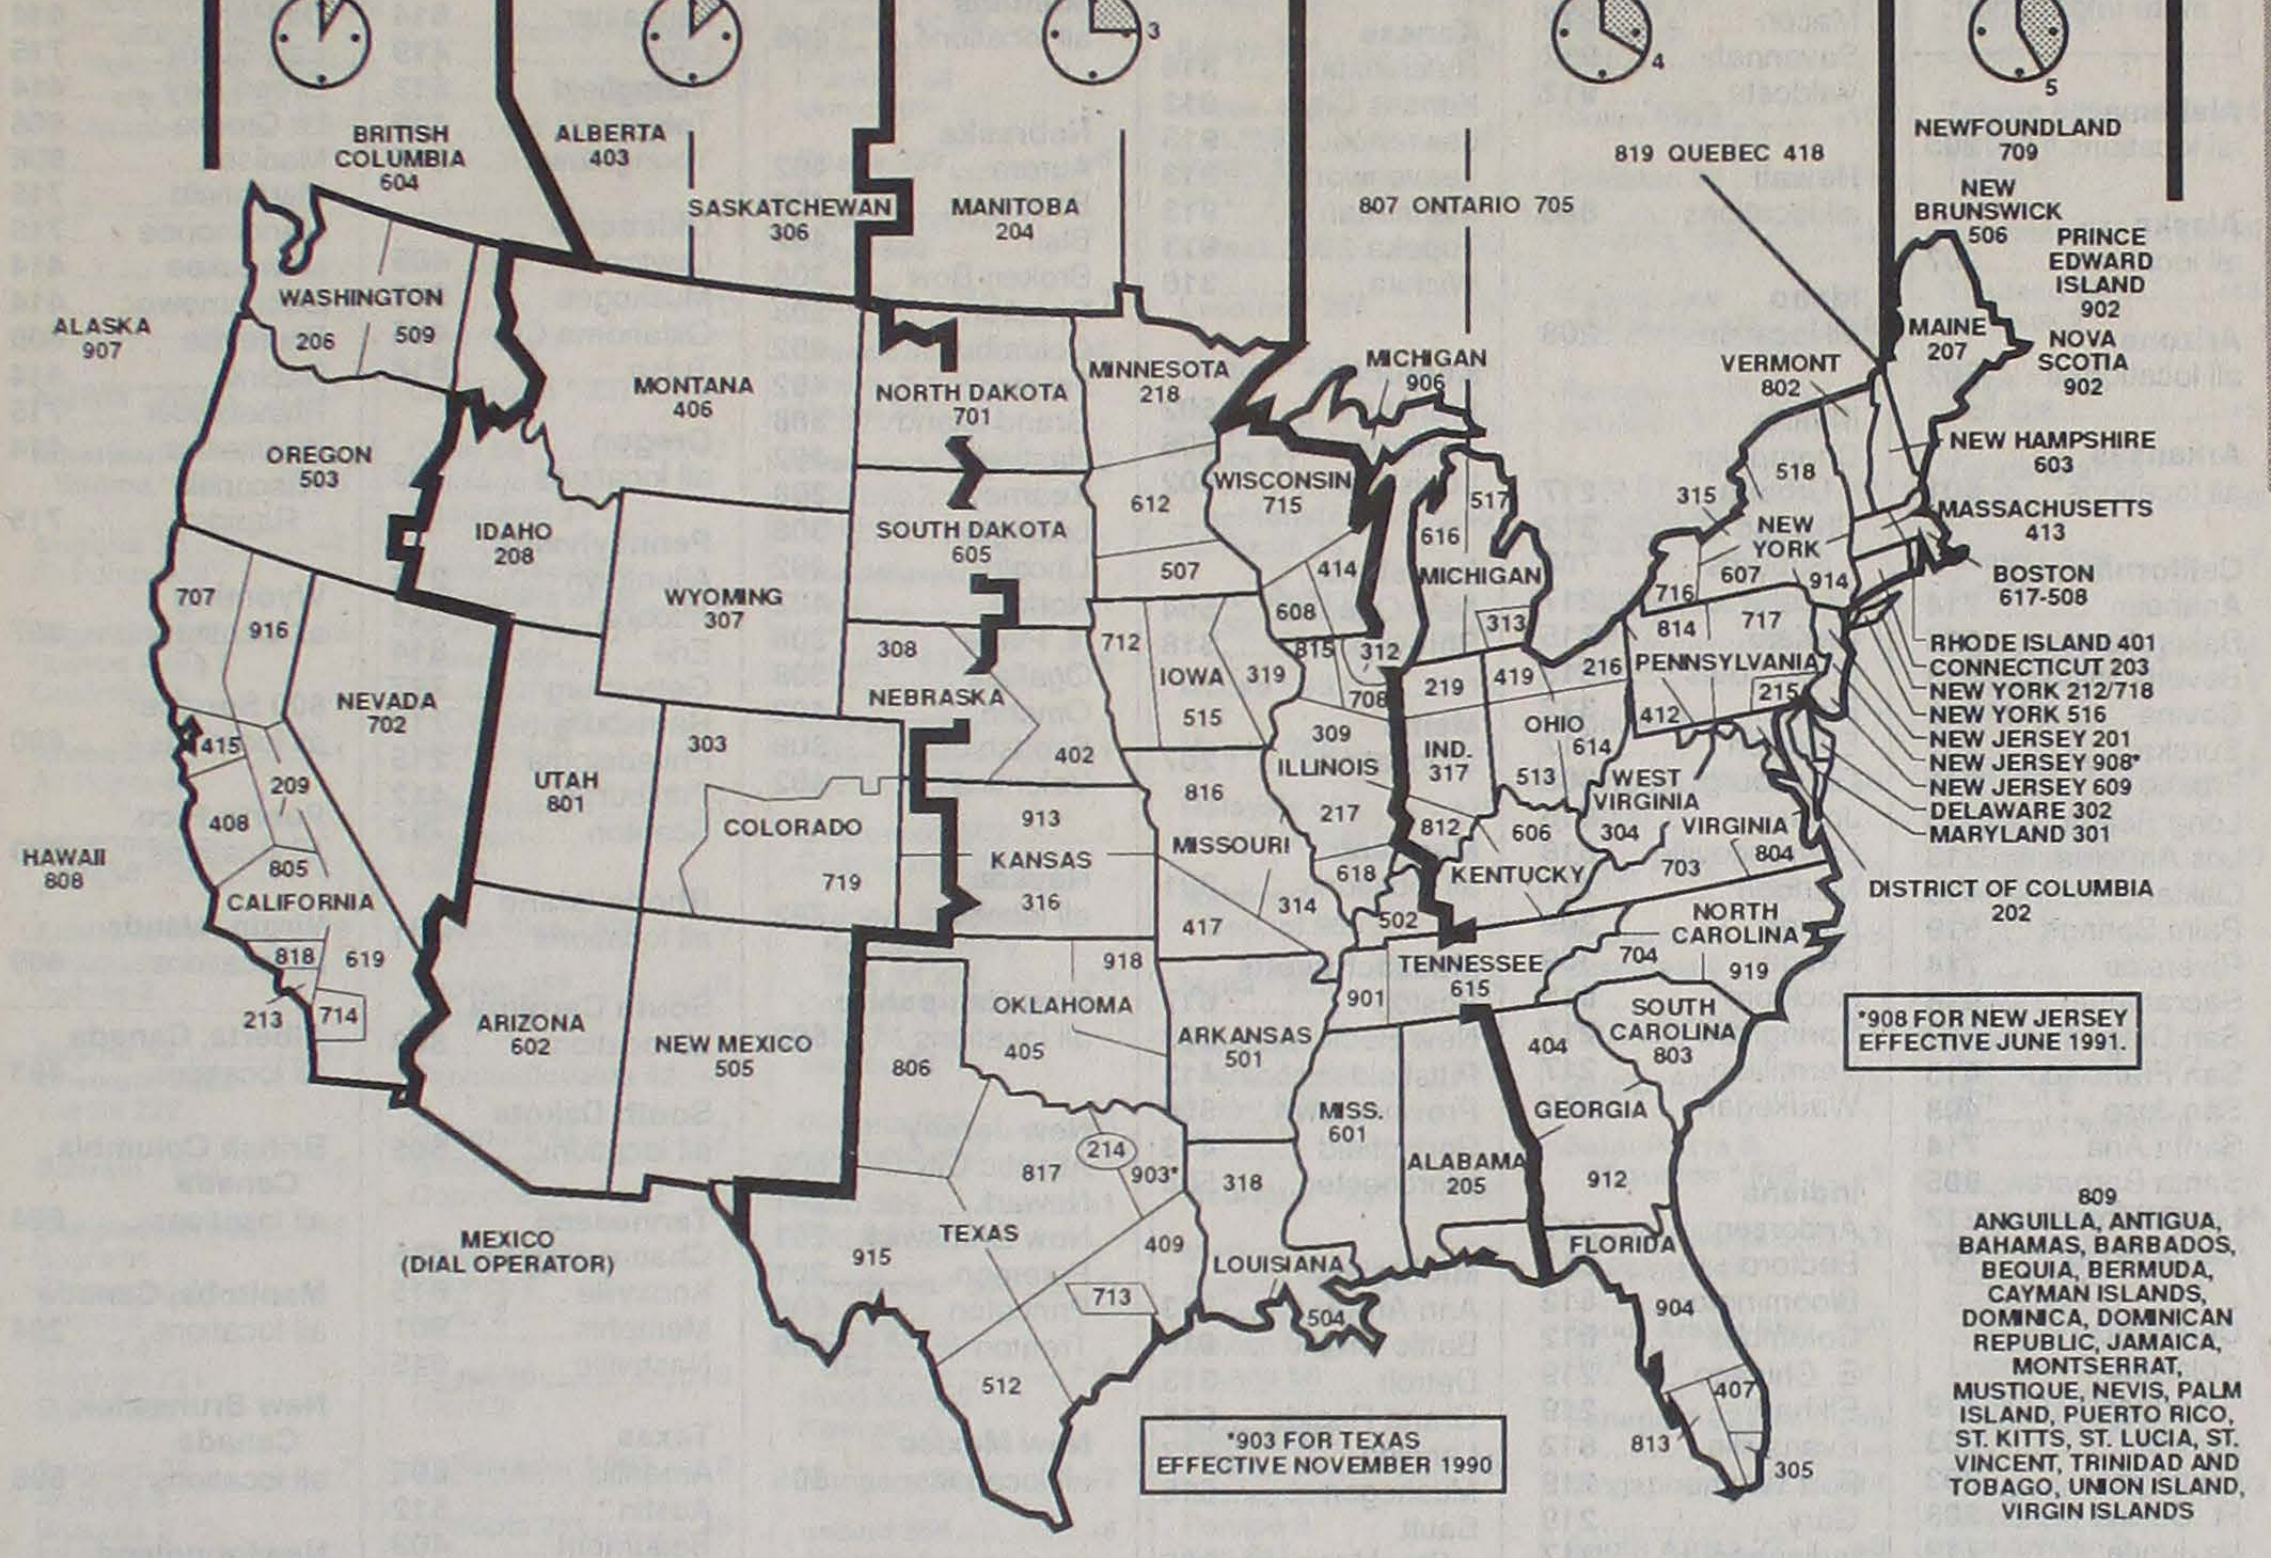

Holiday Rates:

Calls placed on New Year's Day, July 4th, Labor Day, Thanksgiving & Christmas will be billed at the evening rate all day unless a lower rate would normally apply (nights & weekends).

Long Distance Calling

Area Codes

When To Use Area Codes:

You must dial "1" plus AREA CODE when you are calling a number in another area code that is different from the one on the phone you are using.

Check For Different Time Zones:

When placing long distance calls to other area codes, look on map above to see if the place you are calling is in a different Time Zone. It may help to plan your call.

If You Cannot Find Area Code:

For a location not shown on map of area codes dial "0" (operator).

The Brunnier Gallery and Museum is primarily a nationally-accredited decorative arts museum. Exhibitions range from historically significant decorative arts to contemporary fine arts. The Brunnier's permanent decorative arts collection is one of the largest in the Midwest, containing over 8,000 pieces dating from ancient cultures to modern pieces formed by today's artists. The museum has a constantly changing exhibit of glass objects dating from 3,000 years ago to art objects made by contemporary studio artists. Major collections at the Brunnier include: ceramics and pottery, porcelain, glass, enameling, carved jade and ivory and a large doll collection. A museum store at the entrance to the Brunnier Museum sells items closely related to the collection.

Gallery and museum hours are 11 am-4 pm Tuesday-Sunday, closed Mondays.

TO CALL A PARTY ON YOUR LINE

Two-Party customers dial the listed number, hang up. Your bell and the bell of the called telephone will ring until the called telephone answers. When your telephone stops ringing, lift your receiver and begin your conversation. If no answer, lift your receiver for a moment and then replace it. This will stop the ringing and will clear the line for other calls.

JEWELL

ZIP CODE 50130

Your complete telephone number is needed on long distance calls - both to and from Jewell - and whenever you give your number to others. However, on local calls to other Jewell telephones, the first two numbers - 82 - may be omitted.

HOW TO CALL ANOTHER PARTY ON YOUR LINE

Two-party customers dial 421.
After dialing the number hang up. Your telephone and the called telephone will ring until the call is answered. When the ringing stops, remove receiver and start your conversation. If no answer, remove receiver for a few seconds and then replace it to stop the ringing.

TO CALL A PARTY ON YOUR LINE

If on repeated attempts to call a number the line is always busy it may be that the called number is on your line. Or if it is known that the party you wish to call is on your line, and you wish to call that party, proceed a follows:

1. Lift your receiver and listen for dial tone.
2. Dial 99 and directory listed number.
3. After dialing you will hear the busy tone. Then replace your handset. Allow a reasonable length of time for other party to answer, then pick up your handset and talk.
4. When the party you are calling answers, he will hear a 'ticking' sound which indicates that he should wait for calling party to speak.
5. If the called party does not answer, replace your handset.

Professional ability and experience, a sense of color, proportion, and an understanding of individual tastes and lifestyles are the skills needed.

At Accentual Eyes, you are the painting and I am the artist.

With frames and lenses we can create a masterpiece ...one you can afford.

LET THE DISPLAY AD BE SEEN AS IT WAS MEANT TO BE

Super white display ads are an attractive way to make it easier for your customers to find your display ad. The contrast of the white display against the yellow page lets what you have to say be seen.

★ Attractive and eye-catching.
★ Allows spot color to be more effective.
★ Offers you the choice of yellow spot color.
★ Photographs look sharper
★ Gives your ad greater visibility and impact.
